Middle Bass, O. June 20th 1894

Mr James Clark

Louisville Ky.

Dear sir; - Your letter rec'd.
and in reply will say that 3
fuchias, 3 geraniums, and 22 pansies
have died since they were put in.
There were not enough flowers to fill
the two crescent beds; there were
a few left after filling the other
beds, and they were put into a
small circle. The flowers are
looking very well at present,
having revived since warm
weather came on. Hoping
that you will be with us soon
and remain

Respectfully yours

A. F. Rutherford
